## Your TOYOTA TIRE CENTER...

THE PLACE TO GET TIRES MATCHED EXACTLY TO YOUR TOYOTA.

Your Toyota's tires are a specifically engineered component of your vehicle, helping to provide its unique driving and safety characteristics. That's why it's important to use tires that are exactly matched to your Toyota.

And getting your tires from the Toyota Tire Center at many Toyota Dealerships is your assurance that you'll get those tires—and only those tires.

### THE BIG 7

There are seven factors that go into exactly matching tires to your specific Toyota model and year.

- > Size
- > Traction rating
- > Speed rating
- > Temperature rating
- > Load rating
- > Overall brand quality
- > Tread wear rating

### YOUR TOYOTA TIRE EXPERT KNOWS

There's no mystery to determining the exact tire match for your specific Toyota. But, for the average person, taking into account all the factors involved would be overwhelming. Fortunately, our Service Managers are true tire experts! They'll suggest the exact tires your Toyota needs to keep on performing and driving like the day you got it!

THE EXACT TIRES YOU NEED, COMPETITIVELY PRICED, WITHOUT HAVING TO SHOP AROUND!

## FUEL-INDUCTION SYSTEM CLEANUP

Using specialized equipment, our technicians will quickly and effectively clean fuel injectors, intake manifold ports, intake valves and combustion chamber. This service will restore lost power and performance and will reduce harmful exhaust emission.
