BUSINESS OVERVIEW

EURO PROS is a local, family owned and operated collision repair facility that strives to make every step of the repair process as effortless as possible using only state-of-the-art equipment and materials to return your vehicle back to pre-accident condition.

EURO PROS is a dealer sponsored facility with major car manufacturers of North America training such as Toyota, Porsche, Lexus and others. You can be rest assured that your vehicle will be repaired as per factory spec.

OUR MISSION

The Ford Brothers established Euro Pros with the following Golden Rules in mind - Provide the easiest experience after the event of an accident; provide a stress-free experience after the event of an accident; provide world class customer service & superior quality; and protect your investment by returning your vehicle to pre-accident condition that will last a lifetime.

ABOUT EURO PROS

EURO PROS has a staff with only I-Car, ASE, American Welding Society (AWS), and factory trained employees.

We repair every unit to last a lifetime and as if it were our own. Each and every vehicle is repaired following factory specifications, using only the finest equipment and materials; and we spare no expense when it comes to repairing your vehicle.

At **EURO PROS**, we use only Original Factory Manufacturer (OEM) parts to ensure the fit and finish is as good as the day you purchased your vehicle. In addition, **EURO PROS** uses only the factory recommended welding processes in repairing your vehicle to ensure a safe and flawless repair.

EURO PROS is the only repair facilities to invest in the "Celette System" which ensures that the chassis of your vehicle is returned back to exact factory specs, returning to you a vehicle that will drive and run the same as the way you purchased it.

OUR EQUIPMENT

EURO PROS uses state-of-the-art equipment to repair your vehicle, including **Dataliner Frame Bench**, **Celette Frame Bench**, and **Novaverta Paint Booth** for quick and high-quality body finish.
